• The company **Crystalex CZ, s.r.o.** ranks to major Czech manufacturers of household utility and drinking glass. The history of Bohemian glassmaking dates back to the 12th century, when the first signs of glassmaking industry began to emerge in the territory of Northern Bohemia. A great boom of glassmaking occurred here during 18th and 19th centuries; at that time, our glass had rather noticeably spread into the whole world for the first time. Significant milestone in the recent history is the year 1967, when the present modern enterprise Crystalex was established integrating small premises and plants. Traditional handmade production was complemented by up-to-date automatic production lines in 1972.

We specialize in manufacturing *stemware glasses, tumblers, decanting carafes, vases, and bowls*. Besides regular plain glass, we are able to offer our clients with a huge number of decoration techniques.

• Die Gesellschaft **Crystalex CZ, GmbH** gehört zu den wichtigsten tschechischen Hersteller des Nutzen- und Trinkglases. Die Historie der tschechischen Glasbläserei fängt im 12. Jahrhundert an, wann die erste Glasproduktion im Nord Böhmen Bereich aufgezogen ist. Es kam hier zu der großen Blütezeit während des 18. und 19. Jahrhunderts. Das Jahr 1967 war ein großer Meilenstein, es kam zu der Vereinigung der kleineren Betriebe in die neue Fabrik Crystalex. Die modernen Maschinen haben im Jahre 1972 die alte traditionelle Produktion ergänzt.

Wir konzentrieren uns auf die Erzeugung der Kelche, Becher, Karaffen, Vasen und Schüssel.

Wir sind fähig, unseren Kunden außer dem üblichen glatten Glas auch viele Dekorationstechniken anzubieten.

• Компания **Crystalex CZ, s.r.o.** относится к основным чешским производителям изделий из стекла. История чешского стекла зарождалась еще в 12^м веке, когда на севере Чехии стали появляться первые стекольные производства. Расцвет пришел в 18^м и 19^м веках, когда богемское стекло стало известным во всем мире. Важным событием в истории стеклоделия стало объединение нескольких производств в Новом Боре, а с этим связанное создание завода Crystalex в 1967 году. Традиционное ручное производство в 1972 году дополнили автоматические линии.

Мы специализируемся на производство *бокалов, стаканов, рюмок, кувшинов, ваз и глубоких блюд*. Кроме продукции из чистого стекла мы предлагаем огромное количество декораций оформленных различными технологиями.

• Společnost **Crystalex CZ, s.r.o.** patří mezi nejvýznamnější české výrobce užitkového skla. Historie českého sklářství sahá až do 12. století, kdy vznikala první sklářská výroba v oblasti severních Čech. V 18. a 19. století došlo k obrovskému růstu sklářské výroby právě zde. Významným mezníkem v novodobé historii je rok 1967, kdy vznikl sjednocením menších provozů současný moderní závod Crystalex. Klasickou ruční výrobu doplnila v roce 1972 produkce na moderních automatických linkách.

Specializujeme se na výrobu *kalíšků, odlivek, decan-terů, váz a mís*. Kromě produkce klasického hladkého skla máme k dispozici také velké množství dekoračních technik.

• Our decorated articles have met a great success throughout the global markets. The artistry of decoration forms a considerable added value, and a great advantage of ours, that substantially differentiates us from our competition. We dispose of a wide range of our own traditional and modern motifs; however, we are able to create an original design according to our customers' wishes.

We use a variety of decoration techniques, namely pantograph etching, diamond engraving, colour spraying, sandblasting, painting, high enamel, and screen printing, just to mention here the most important ones. Our articles are health safe and environmentally friendly, and they are intended for contact with foodstuffs, i.e. for everyday use. Crystal glass manufactured in Crystalex CZ meets all European standards and regulations, as evidenced by respective certificates.

• Unsere geschmückte Artikel feiern einen großen Erfolg in der ganzen Welt. Die Dekorationsart ist ein kräftiger Wert, der uns von der Konkurrenz wesentlich unterscheidet.

Wir disponieren mit der bunten Skale der eigenen traditionellen und modernen Motive. Aber wir können auch ein originales Design laut dem Kundenwunsch bilden.

Wir verwenden die ganze Reihe der Dekorationstechniken. Es gehört hier Pantographie, Diagravur, Malerei, Hochemail, Siebdruck, Sandstrahlen und Farbenspritzen. Unsere Erzeugnisse sind gesundheits und ökologisch unschädlich und sind für den Kontakt mit Lebensmittel bestimmt. Das Cristaline-Glas (Kristallgals), produziert in Crystalex CZ, erfüllt sämtliche europäische Normen und Standarden, was durch die Zertifikate garantiert ist.
